SIR THOMAS ON BOARD GAVE HER GOOD LUCK

By Associated Press.

ATLANTIC HIGHLANDS, N. J., July 21.
After her narrow margin of victory yesterday, Sir Thomas Lipton's new challenger for the nautical blue ribbon was again in racing trim to-day and trimmed her trial horse by 32 minutes, 17 seconds in a twenty-mile race. Much of her big victory was due to a fluke in which she covered miles of water while Shamrock I, hung idle in a caim, Another thing which the sailors say brought good luck to the new boat was that Sir Thomas, after watching the race from the Erin for several days, sailed to-day on the challenger. Her crew declares that he rarely falls to bring good luck.

BIG DEFALCATION BY BUFFALO CLERK

Confidential Man of a Large Law Firm Found to Have Gone Wrong.

Gone Wrong.

(By Associated Press.)

BUFFALO, N. Y., July 21.—A defalcation already asgregating \$300.000, and likely to be increased to a larger amount when all the facts are known, has been uncovered in this city.

The alleged defaulter is a confidential clerk and trusted book-keeper in the office of one of the wealthlest law firms in this city, and is under thirty years old. Shrewd real estate men, bankers and lawyers unknowingly helped him so carry out his schemes. The clerk's employers have known of his operations for some time. It is said that he confessed when confronted, but was willing to make restitution. A desire to straighten out the firm's affairs and to save as much as possible of the money involved has caused the firm to stay the hand of the law.

None of the firm's money was squandered. It was invested in legitimate business enterprises, ostensibly for "un Eastern capitalist."

The officials of the strikers' organization have but one reply to questions as to the stability of their body. That is that the men are as determined as ever not to return to work and confident that they will ultimately win what they admit promises to he a lone and stubborn struggle. The men are holding their meetings every night at Sanger Hall, and they are fairly well attended, all things considered. Many of the men have left the city, either temporarily or permanently—some on visits to their old homes or to relatives, others to other cities and towns 40 work, and others are seeking employment elsewhere. Some of the men are working on trolley lines in other places, one of them in Charlottes ville, at a smaller daily wage than was paid here. Whether the strikers who have left the city will return or not cannot be stated. The strikers are still receiving centributions, but these are not as liberal or as numerous as in the early days of the strike. One of the men reinstated by the company, when asked how much he had drawn, stated that he had received \$5. If the national organization has yet made its assessed contribution to aid the strikers that faot is not amounced.
